COMMERCIAL NEW CONSTRUCTION

RECEIVE FINANCIAL INCENTIVES FOR YOUR ENERGY-EFFICIENT DESIGN DECISIONS

FirstEnergy Pennsylvania's Commercial New Construction (CNC) Program provides complimentary energy design assistance and financial incentives to help offset the cost of implementing energy-efficient strategies for commercial and multifamily buildings. When you make informed decisions on energy-efficient design options, you and your clients benefit with financial savings year after year.

COMPLIMENTARY ENERGY DESIGN ASSISTANCE

Customized energy model that simulates energy use to identify strategies with the greatest impact and cost-effectiveness.

DESIGN TEAM INCENTIVE

We offer a design team participation incentive to offset design team time associated with program participation.

CONSTRUCTION INCENTIVE¹

Incentives are based on annual electric savings by FirstEnergy Pennsylvania.

¹To be eligible for incentives, all lighting must be DesignLights Consortium (DLC) or ENERGY STAR® listed, and all food service equipment and appliances must be ENERGY STAR rated. Incentives are paid upon construction completion.

Coincident peak window: June 1 – Aug. 31, 2–6 pm, non-holiday weekdays

STREAMLINED PROCESS TO ACCOMMODATE YOUR PROJECT SCHEDULE

1

Enroll

Contact us to discuss project details.

2

Preliminary Analysis

Real-time evaluation of energy efficiency improvements and bundled whole-building strategies.

3

Final Analysis

Pick the best fit for your goals and we'll analyze energy savings and eligible incentives.

4

Verify

We confirm your project was built as planned and issue a verification report.

5

Earn

FirstEnergy Pennsylvania provides incentives for your completed project.

CUSTOMER ELIGIBILITY

The CNC Program is available for most project types including commercial, institutional and industrial.

To qualify, projects must be:

- In FirstEnergy Pennsylvania's service territory
- New construction, an addition or a major renovation that includes multiple qualifying mechanical and lighting system measures
- Enrolled into the CNC program before HVAC Construction Documents are complete
