

## BUILDING TUNE-UP PROGRAM

Maximize your facility's energy performance with FirstEnergy's Pennsylvania utilities Building Tune-up Program.

FirstEnergy Pennsylvania utilities<sup>1</sup> provide a comprehensive mix of energy-saving measures for non-residential buildings of all types including commercial, industrial, government, institutional or nonprofit.

Whether you need a simple tune-up of your HVAC system, refrigeration upgrades or high efficiency cooling systems, FirstEnergy Pennsylvania's program has something to offer.

### Sample measures include:

- HVAC controls to optimize roof top units and air handlers
- Variable frequency drives for fans and pumps
- Refrigeration controls for evaporator fans and door heaters
- Lighting, lighting controls, and optimization schemes
- Dual enthalpy economizers for HVAC
- Other complimentary program eligible energy saving measures

### PROGRAM BENEFITS

Get up to 80% off installed equipment.

Maximize Your Savings with Additional Upgrades:

<sup>1</sup>FirstEnergy's Pennsylvania utilities are Met-Ed, Penn Power, Penelec, and West Penn Power

# Energy Efficiency Made Easy!

From enrollment to incentive, we make it easy to find the best energy-efficient solutions for your facility.

1

## Enroll

Provide your building's basic information in our application.

2

## Analyze

Real-time evaluation of energy-efficiency improvements bundled with whole-building strategies.

3

## Implement

You work with a FirstEnergy Program Ally to complete the scope of work.

4

## Verify

We will work with you to complete a post-installation inspection process.

5

## Final Payment

Receive your financial incentive based on the final scope of work and calculated energy savings.

## Customer Eligibility

- The Building Tune-up Program is available for most non-residential project types including commercial, institutional, industrial, governmental, non-profit, and multifamily common areas.
- Building Tune-up Program participants who enroll in energy saving for multiple measures will unlock higher program incentives.

## TYPES OF BUSINESSES

Office Buildings

Schools/Colleges/Universities

Police/Fire

Multifamily Common Areas

Religious Establishments

Grocery/Liquor Stores

Gas Stations

Convenience Stores

Hotels

Healthcare

Auto Repair

Warehouse/Industrial

The costs of energy efficiency programs are recovered through customer rates in accordance with PA Act 129 of 2008. For a complete list of commercial, industrial, residential, and low-income energy efficiency programs, please visit [energysavePA.com](http://energysavePA.com).

By participating in these energy efficiency and peak demand reduction programs, customers agree to allow their utility to retain ownership of all Capacity Rights which refers to the demand reduction associated with any energy efficiency and peak demand reduction measure for which incentives were provided by the Company. Your utility will aggregate these energy efficiency demand reduction attributes into the PJM capacity market with proceeds being used to offset the program costs.

Willdan is the designated program implementer for commercial and industrial energy efficiency programs for FirstEnergy's Pennsylvania utilities. This website is maintained by Willdan.
