

# COMMERCIAL ENERGY EFFICIENCY PROGRAM

## REBATE SUMMARY 2025

### PROGRAM OVERVIEW

- Southern California Edison (SCE) has contracted with Willdan Energy Solutions to develop, implement and offer this program to SCE customers. Customers must have an active SCE non-residential electric account to be eligible.
- Program funds are available on a first-come, first-served basis until program funds are no longer available.
- This program may be modified or terminated without prior notice.
- The selection, purchase and ownership of goods and services are the sole responsibility of the customer.
- Projects cannot receive rebate payments from more than one California investor-owned utility or third-party energy efficiency program for the same product, equipment, or service (e.g., “double dipping”), including point-of-sale “midstream,” and “upstream” rebates.
- Willdan makes no representations as to the safety, reliability, and/or efficiency of goods and services selected.
- Willdan makes no warranty, whether express or implied, including warranty or merchantability or fitness for any particular purpose, use or application of selected goods and services.
- Program Disclaimers and Terms & Conditions are available on our website ([www.willdanefficiency.com](http://www.willdanefficiency.com))

### REBATE PROCESS OVERVIEW

**1. Enrollment:** To participate, Customers must sign a Customer-Implementer Agreement and Trade Pros must sign a Trade Pro Agreement.

**2. Reserve Rebate with Willdan:** Contractor provides Willdan with the required pre-installation project info. to confirm customer’s eligibility and rebate amount.

**3. Installation:** Customer hires Contractor or may request a referral to a “Trade Pro” from Willdan.

**4. Post Installation Documents:** Contractor provides Willdan with required post-installation information, documents, and photos for submission to SCE.

**5. Rebate Check Issued:** Once SCE reviews and approves the project, Willdan issues the rebate check.

### GENERAL REBATE REQUIREMENTS

All equipment must meet the requirements listed in the respective measure package in the California Electronic Technical Reference Manual ([www.caetrm.com](http://www.caetrm.com)). There is a Rebate Submission Guide (RSG) for each measure below, which summarizes the the documents, photos, installation, and other requirements to obtain the rebate. The RSG may be updated to reflect requirements from SCE. Please contact Willdan to request the current RSG.

Rebate reservations must be placed prior to installation.

Rebate applications must be submitted to Willdan within 60 days of a project’s installation date.

Used or rebuilt equipment is not eligible.

MEASURE	REBATE	QUALIFYING BUILDING TYPES	
Heat Pump Water Heaters (120-gallon, min 4.3 COP) <small>Measure Package ID: SWWH028 Existing unit must be Storage-type (80+ gallons, Gas-Fired) OR Boiler or Tankless (76+ kBtu/hr, Gas-Fired)</small>	\$25,000 Per Unit	Hotels Grocery Stores Places of Worship Nursing Homes Fitness Centers Large Retail (≥ 130k sf)	Museums Theater/Cinemas Hospitals Convention Centers Refrig. Warehouses
Heat Pump Water Heaters (80-gallon, min 3.75 UEF) <small>Measure Package ID: SWWH027 Existing unit must be Storage, 70 – 89 gal, Gas-Fired</small>	\$10,000 Per Unit		
Anti-Sweat Heater (ASH) Controls Low Temp (Freezers) <small>Measure Package ID: SWCR001A</small>	\$35 Per Linear Foot	Grocery Stores	
Add Glass Doors and LED Lighting to Open Vertical Refrigerated Cases <small>Measure Package ID: SWCR015</small>	\$50 Per Linear Foot	Grocery Stores
